## 2 required courses for license renewal!

Child Abuse Recognition and Reporting • Opioids in Dentistry: Update and Alternatives  
Friday, September 18, 2020

**The Club at Shadow Lakes – Space is limited to the first 150 that respond**

### **Child Abuse Recognition and Reporting for Dental Professionals: 8:00 am - 10:00 am**

PDA's program, *Child Abuse Recognition and Reporting for Dental Professionals*, is approved by the Department of Human Services and the PA State Board of Dentistry and will fulfill Act 31 mandatory CE requirements for licensed dental professionals (dentists, hygienists and EFDAs). PDA's program is custom designed for dental professionals and offers two CE credits that can be applied toward the hours you need to renew your dental license.

Upon completion of the course, the participant will:

Understand categories of child abuse as defined by the Child Protective Services Law.

Recognize universal child abuse indicators.

Recognize clinical and intraoral pathologies of physical and sexual abuse.

Understand the legal responsibilities as mandated reporters.

Know when, how and where to report suspected abuse, and what happens after a report is made.

Understand the protections for reporters and penalties for failure to report.

**ATTENTION:** Attendees will be asked to provide their full name, license number, date of birth and the last 4 digits of their social security number at registration. Please have this information at the meeting. The PDA will transmit this information to the state to verify that you have completed the course.

### **Opioids in Dentistry: Update and Alternatives: 11:00 am – 1:00 pm**

Satisfies Act 124 Requirement. Dr. Paul Moore will discuss the dentists role in addressing the opioid crisis.

Upon completion of the course, participants should be able to:

Explain the rationale for combining the two peripherally-acting analgesics acetaminophen and ibuprofen.

Discuss Pennsylvania state legislative requirements for prescribing immediate-acting opioids for acute pain in dentistry.

Provide at least four instructional elements required for counseling patients for safe and responsible prescribing of opioids following a dental procedure.
