Janine Musheno, DMD
General dentist | Philadelphia, PA

"PDA has valuable resources that help my practice. As a newer practice, PDA was helpful in setting up clinic policies to ensure we are following state guidelines. PDA continues to be a resource as they provide updates on any updated regulations in Pennsylvania. They also provide clarification on CE's required to maintain licensure. They also have webinars on practice management and hiring and firing, topics that new dentists might not have learned in school."
